## OneLink

### What is it?

OneLink provides information and connections for support services in the ACT.

When you get in contact with OneLink, an assessing officer will talk to you about your situation and what services might help. They will provide you with information about options and, where appropriate, will follow up to connect you to services.

OneLink covers a wide range of support services including services for families and young people, and services for people who are homeless or at risk of homelessness.

You can connect with OneLink through whatever way is best for you – on the phone, online, in person or through a service that is already assisting you.

OneLink is operated by Woden Community Service. The ACT Government funds OneLink through the Community Services Directorate.
